SUBJECT INDEX 1978

Aviation

Helicopter use in forest fire suppression; 3 decades. 39(4):14–18.
The role of aircraft against wildfires in eastern North Carolina. 39(1):12–13, 18.

Cooperation

An effective rural fire reporting system. 39(1):10–11.
Boise Interagency Fire Center experiences a long hot summer. 39(1):8–9.
Central Oregon Fire Prevention Cooperation. 39(4):3–7.
Federal excess property in the rural fire department. 39(3):13–14, 18.
Fire in Nebraska. 39(2):17–19.
History of NWCG. 39(2):13–16.
Wildfire coordination in Colorado. 39(2):8–9.

Equipment

An effective rural fire reporting system. 39(1):10–11.
Federal excess property in the rural fire department. 39(3):13–14, 18.
Ground tanker retardant application for prescribed burning line construction. 39(3):10–12.
Mechanizing the step test. 39(3):6–7.
New portable weather instrument shelter performs well. 39(3):15–18.
Texas snow job. 39(3):3–5.
The role of aircraft against wildfires in eastern North Carolina. 39(1):12–13, 18.

Films and Publications

Author index—1977. 39(1):26.
New slide tape available. 39(4):19.
Recent fire publications. 39(1):7, 18; 39(2):4,16; 39(3):18; 39(4):19
Subject index—1977. 39(1):25.

Fire Behavior

Fuel mapping helps forest firefighting in southern France. 39(1):14–17.

Fire History

Alaska fire season—1977. 39(1):3–7.
Boise Interagency Fire Center experiences a long hot summer. 39(1):8–9.
Fire in Nebraska. 39(2):17–19.
Helicopter use in forest fire suppression; 3 decades. 39(4): 14–18.
History of NWCG. 39(2):13–16.
How to learn the frequencies and ecological roles of historic fires. 39(3):8–9.

Fuel Management

An approach to hazard classification. 39(4):9–11, 19.
Fuel mapping helps forest firefighting in southern France. 39(1):14–17.
Ground tanker retardant application for prescribed burning line construction. 39(3):10–12.
How to learn the frequencies and ecological roles of historic fires. 39(3):8–9.

General Fire Management

Fire in Nebraska. 39(2):17–19.
How to learn the frequencies and ecological roles of historic fires. 39(3):8–9.
The changing role of fire management. 39(1):19–21.
The management review system: a means of achieving commitment to fire management programs. 39(1):22–24.

Presuppression

National fire danger rating update—1978. 39(2):10–12, 16.

Prevention

Analyzing wildfire occurrence data for prevention planning. 39(2):5–7.
An approach to hazard classification. 39(4):9–11, 19.
Central Oregon fire prevention cooperative. 39(4):3–7.
State of Wisconsin vs. railroad fires. 39(2):3–4.
The concept of "spatial risk" and its application to fire prevention. 39(4):7–8, 19.
Wildfire coordination in Colorado. 39(2):8–9.

Safety

Mechanizing the step test. 39(3):6–7.

Suppression

Determining arrival times of fire resources by computer. 39(4):12–13.
Fuel mapping helps forest firefighting in southern France. 39(1):14–17.
National fire danger rating update—1978. 39(2):10–12, 16.
Texas snow job. 39(3):3–5.
The role of aircraft against wildfires in eastern North Carolina. 39(1):12–13, 18.

Systems

An approach to hazard classification. 39(4):9–11, 19.
An effective rural fire reporting system. 39(1):10–11.
Determining arrival times of fire resources by computer. 39(4):12–13.
National fire danger rating update—1978. 39(2):10–12, 16.
State of Wisconsin vs. railroad fires. 39(2):3–4.
The concept of "spatial risk" and its application to fire prevention. 39(4):7–8, 19.
The management review system: a means of achieving commitment to fire management programs. 39(1):22–24.

Training

Central Oregon fire prevention cooperative. 39(4):3–7.
Wildfire coordination in Colorado. 39(2):8–9.

AUTHOR INDEX 1978

Arno, Stephen F.
How to learn the frequencies and ecological roles of historic fires. 39(3):8–9.

Biddison, Lynn.
The changing role of fire management. 39(1):19–21.

Devet, D. D., and Eddie E. Graves.
Ground tanker retardant application for prescribed burning line construction. 39(3):10–12.

Doolittle, M. L.
Analyzing wildfire occurrence data for prevention planning. 39(2):5–7.

Dukes, Jim.
Mechanizing the step test. 39(3):6–7.

Duhnkrack, Al.
Wildfire coordination in Colorado. 29(2):8–9.

Ebarb, Pat.
Texas snow job. 39(3):3–5.

Fischer, William C.
New portable weather instrument shelter performs well. 39(3):15–18.

Forrester, Edward J.
State of Wisconsin vs. railroad fires. 39(2):3–4.

Hartigan, Arnold.
Boise Interagency Fire Center experiences a long hot summer. 39(1):8–9.

Hefner, James E., and John E. Deeming.
National fire danger rating update—1978. 39(2):10–12, 16.

Jackson, John.
Central Oregon fire prevention cooperative. 39(4):3–7.

Johnston, Ralph G.
Helicopter use in forest fire suppression; 3 decades. 39(4):14–18.

McBride, Fred E.
Alaska fire season—1977. 39(1):3–7.

Mess, Romain M., and Ira B. Pearman.
Determining arrival time of fire resources by computer. 39(4):12–13.

Moore, B. A.
The role of aircraft against wildfires in eastern North Carolina. 39(1):12–13, 18.

Page, Billy.
The management review system: a means of achieving commitment to fire management programs. 39(1):22–24.

Phillips, Clint, and Ira B. Pearman.
The concept of "spatial risk" and its application to fire prevention. 39(4):7–8, 19.

Schmidt, R. Gordon.
An approach to hazard classification. 39(4):9–11, 19

Sloat, Lou W.
An effective rural fire reporting system. 39(1):10–11.

Sorenson, James C.
Federal excess property in the rural fire department. 39(3):13–14, 18.

Tice, Robert W.
Fire in Nebraska. 39(2):17–19.

Trabaud, Louis.
Fuel mapping helps forest firefighting in southern France. 39(1):14–17.

Wilson, Jack.
History of NWCG. 39(2):13–16.
